To Whom it may concern,

Inn foods is out of their Domestic 12/3 Chopped Mustard Greens until New pack sometime in November. This past winter we experienced a shortage of raw product resulting in less pounds being packed than what we forecasted.

Sorry for the inconvenience and will notify GFS once product is back in stock. Dot Foods may have small amounts of packer label available at this time (item 389493).

Regards,

A handwritten signature in black ink, appearing to read "Nick Haas".
